

One bait.

TWO WAYS TO PUT AN END TO FLIES.

Decimari® Fly Bait combines Clothianidin and NyGuard® IGR to form a highly effective, quick kill product that provides long lasting control

- First fly bait with dual modes of action
- Contains NyGuard IGR
- Attracts and kills house flies
- For use in and around agricultural production facilities
- Use Rate: 6.3 oz per 1,000 sq. ft.
- Re-apply every 3-5 days or as bait is consumed
- Three convenient application methods: scatter bait, paint-on or bait station use
